

Can you give me a loving home?

Name : Tink

Age / DOB : 2 years

Colour /
Pattern : Tortoiseshell

Gender : Female (neutered)

Tink is a tortie Maine coon, who came into the care of the UKRCC in May 2008. When she arrived into foster care, she was very underweight, but she is now a happy, healthy young lady who is ready to find her forever home. While in foster care Tink has been vaccinated, neutered and microchipped. She is a very clean girl and uses her litter tray reliably. She is happy to be groomed. Her foster Mum says:

“Tink is full of energy and very playful. She is very alert and doesn't miss a single butterfly that happens to pass her way! She is a clever cat and usually finds a way to get just what she wants. She is very affectionate and although is not keen on being picked up too much, she is happy to jump onto the nearest lap for cuddles. She loves to be with humans.”

Tink needs a home with supervised, outdoor access to a very secure garden, which is well away from busy roads. She would suit a family with older children (12 yrs+), where she will receive lots of attention and play times. If you can offer Tink a life long commitment, please either visit us at www.ukrcc.co.uk for details on how to apply to adopt her, or call us on 0870 766 9823.

UKRCC Ragdoll Rescue and Welfare - the UK's only registered charity dedicated to rescuing, rehabilitating and rehoming Ragdoll cats.
